45th Stationary Source Sampling and Analysis for Air Pollutants Conference

**MeadowView Conference
Resort & Convention Center
Kingsport, Tennessee**

SOURCE
EVALUATION
SOCIETY

Our 45th Conference will be here before you know it and promises to be an excellent combination of technical programs, poster sessions, and camaraderie. Downtime activities will include clay shooting, golf, possibly volleyball, and there has even been a rumor of pickle ball for your afternoon entertainment. Please join all your industry colleagues for a great learning experience.

This Conference has sold out every year for 20 years and attendance is limited. **Registration materials will be available at sesnews.org by October 1, 2023. Registration opening date will be October 16, 2023.**

This will be our only paper mailing!! To be sure you continue to receive our email correspondence, please unblock the following addresses:

SES/HMS | 6508 Camino Carreta, Carpinteria, CA 93013

Dear Colleagues:

We are excited to announce the 45th SSSAAP Conference to be held in Kingsport, Tennessee this coming Spring. This is a new venue for us, and we believe it will meet the needs for sharing information, developing professional relationships, and socializing. This Conference does have a limited number of attendees; therefore, we do recommend registering early as we normally sell out in December.

Sessions this year will include updates from USEPA, Back to Basics and Advance Sampling, Safety as well as traditional topics. This conference does not publish any proceedings. Open dialogue between presenters and the audience is encouraged.

Recreational activities will again include golf, volleyball, and sporting clay tournaments.

We look forward to seeing old friends and meeting new ones. Space is limited so please register as early as possible!

Best Regards,

Tommy Leach
Conference Chair

Tom Graham
Conference Co-Chair
